# Plank and Panels

Plank and Wood Molding is an interlocking wainscoting system featuring 16" wide tongue and groove panels in a variety of durable, yet affordable finish options. When used in conjunction with score lines, the panel joint is completely inconspicuous. Finishes are also available in 4'x8' and 4'x10' panels.

## Features and Benefits

- 16" wide panels are easy to handle, easy to fabricate and produce minimal waste.
- High Density Fiberboard (HDF) core provides outstanding durability and moisture resistance.
- Pre-finished panel ensures color variation control and eliminates the need for jobsite sanding, staining or painting.
- Tongue and groove joinery creates an inconspicuous joint when used in conjunction with score lines and requires no visual fasteners.
- Wood Molding includes chamfered rabbet profiles making them easy to apply and mistake-proof.

Plank Dimensions – 16" x 8' x 1/4" (nominal)

Panel Dimensions – 4' x 8' x 1/4" (nominal)  
4' x 10' x 1/4" (nominal)

## Exclusive Marlite Finish

The Exclusive Marlite Finish is a richly detailed and easy-to-maintain surface that is more economical than decorative laminates. The base coat, precision coat, print coats and melamine top coat are all applied to the most select substrate. Each panel is then baked, creating a tough, durable finish that is easy to maintain.

## Plank and Panels Finish Options

### Faux Woodgrains

321-S2 Natural Oak

323-S2 Plantation Oak

324-S2 Laredo Oak

329-S2 Novato Oak
