Surface Systems®
Transforming
Wall Panel System

This. Changes. Everything.
Meet the wall that lets you shape, add dimension, and even change your mind.

Get into shape.
Add geometric elements that will turn heads.

Enter a new dimension.
Forget flat. Add depth and be fabulous!

Change things up.
Replace damaged panels or swap them out on a whim.
Transforming the possibilities.
Marlite’s Patented Transforming Wall System is a mind-blowing take on Architectural Wall Panels. Suddenly, a single wall system lets you break out of the boxy boundaries to integrate geometric shapes, add stunning dimension, and even feature magnificent graphics.

Wait ... we’re just getting started!
Quick Change Panels let you easily update your wall design on the fly. Quickly remove and replace any panel individually. No fuss, no muss, no damage to surrounding panels.

How We Do It

Shapes
Why be square? Add a wide variety of dynamic geometric shapes to your wall design.

Angled Reveals
Here’s a new slant on reveals. By positioning them at any angle, you can incorporate most geometric shaped panels.

Dimension
Create dramatic depth. Panels can even be contoured to provide more dimension. That’s deep.

Removability
Our patented quick-change locking mechanism lets you remove and replace any panel with ease. Perfect for replacing damaged panels in high traffic areas and creating fresh focal points.

A dynamite look...
...with dynamic design flexibility
Fabulous Finishes
Talk about creative freedom! Our Transforming Wall System comes in virtually any finish you can dream up.

Signature Wood Veneer

25+ Stocked veneer species available! Select AA grade veneer.
visit our website for more information about veneer options.

Available in 4 Premium Finishes:
- Classic Clear Topcoat
- Custom Stain
- Grain-filled Matte

High Pressure Laminate

The real pressure is having so many options.

Choose from ANY major brand.
The Big Reveal. From subtle to bold, check out these appealing reveal options.

All Together Now. Create the perfect mix of permanent and changeable panels.

Quick Change Panels
Mix and Match Panel Types As Needed!

A hidden locking mechanism allows easy panel removal and replacement. Ideal for high-traffic areas, utility access, and design variation.

Fixed Panels

Fixed panels feature a traditional clip mount application for a secure, permanent installation.

Transformation. In 4 Simple Steps.
Installing the Transforming Wall System is a snap.

1. Attach railing to wall.
2. Install reveal.
3. Install bottom of panel to the rail and push flush.
4. A phone app is used to find the locking mechanism that holds the Quick Change Panel in place.
