

Induro™ HPL-Faced ACM

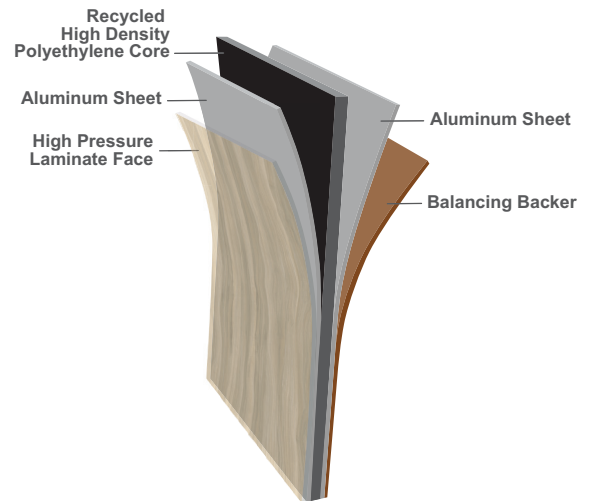

Engineered for convenient installation and durability.

Induro™ HPL-Faced ACM

Meet the most convenient and affordable way to apply high pressure laminate (HPL) to walls. Induro™ ACM is an exceptionally wear resistant panel featuring an HPL-face laminated directly to an aluminum composite material (ACM). Choose from woodgrains, abstract prints, and solid colors from any major HPL manufacturer.

- Class C fire rating to meet building codes
- .150-inch thickness for durability and impact resistance
- Fast, straightforward installation to reduce labor costs
- Easy-to-clean surface that stands up cleaning protocols

Panel Information

Panel Specifications:

47.5" x 95.5" x 0.150" (nominal)
